UN CASTELLO DEGNO DI UNA REGINA

Nonostante la magnificenza adamantina della regina Stallone da culo sia visibile da ogni angolo delle Terre delle meraviglie, non c'è nulla che brilli più del suo regale castello nella capitale, la città di Fulgibriglia. Costruito nell'anno (colpo di tosse esagerato) con un materiale magico noto come (tosse fasulla poco convincente), il castello incarna il famoso e stravagante stile architettonico del (convulsione rumorosa scandita da spasmi di dolore).

Si dice che un tempo sua maestà lanciò un incantesimo per tramutare il castello in un contenitore di potenti fonti di magia che, se lasciate libere, rischiavano di far fare un bel botto al mondo intero.

Consigli per il montaggio

- Leggi attentamente le istruzioni, controllando la foto del modellino assemblato e lo schema di montaggio.
- Segui ogni passaggio nell'ordine indicato.
- Quando usi la colla, fai asciugare i pezzi prima di proseguire con il passaggio successivo.

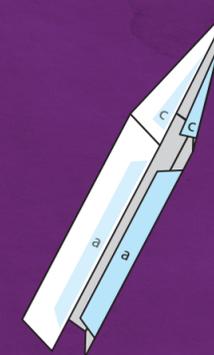

Scalature e linguette:

Abbina la linguetta alla scanalatura con il numero corrispondente. Fai scorrere la linguetta nella scanalatura.

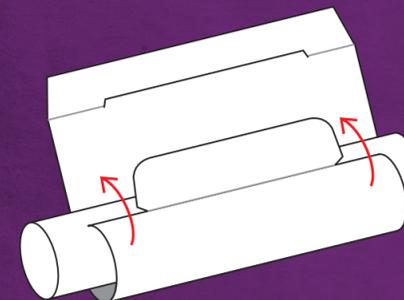

Punti colla:

Abbina le lettere nelle zone blu e incollale.

Arrotondamenti:

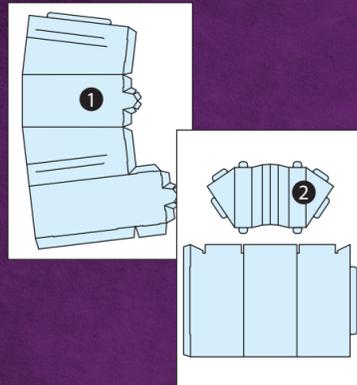

Prima di montarli, arrotonda i pezzi ricurvi intorno a un oggetto cilindrico.

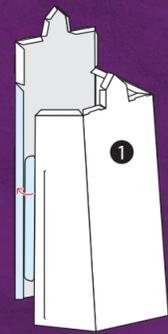

Strumenti utili:

- Colla trasparente, vinilica o per PVC
- Nastro biadesivo
- Stuzzicadenti
- Lama di piccole dimensioni, taglierino o coltellino
- Pinzette
- Righello o qualsiasi altro oggetto dal bordo dritto per piegare la carta
